## **Vision, Values & Aims**

### **Our Vision**

At Girvan Academy our vision is to continue to grow as a learning community and to:

- motivate and inspire all of our young people
- equip young people with the attributes, capabilities and experiences to be successful in life and to reach their true potential
- inspire all of our young people to be healthy, happy and achieving

### **Our Values**

Our vision will be achieved by young people, staff, parents and the wider school community supporting, promoting and living our values. All stakeholders were consulted in developing our values and they have been embedded within our school community since August 2019.

## **AMBITION RESPECT RESPONSIBILITY COMMUNITY**

### **Our Aim**

- To provide the highest quality learning experiences for all of our young people in an inspirational environment.
- To promote an ethos where young people are listened to, respected and supported to reach their potential.
- To promote learners who lead and take an active role in their learning, life and community.
- To enable each of our young people to become successful learners, confident individuals, responsible citizens and effective contributors

In doing so we hope to achieve improvement in 2023/24 in the following areas:

- **A focus on high-quality learning, teaching and assessment to improve consistency and ensure the best possible outcomes for all young people**
- **Raise attainment & achievement to close the attainment gap and develop young people's skills for learning, life and work**
- **Support and improve young people's health and wellbeing by Getting It Right for Every Child**

Intended Impact against Outcomes for Learners	Measurement/Evidence
2.1 Learners will be better monitored and tracked, which will inform interventions and therefore maintain and improve learners' attainment. Targeted individuals and cohorts will be targeted for enhanced interventions. Young people will also be tracked against pupil participation in the wider curriculum, both in school and out with. This will identify young people who are missing out on opportunities for further skills development, with the aim to target experiences to ensure the poverty related gap is reduced	Wider curriculum participation spreadsheet Pupil Focus groups - learners can track their progress across the year and talk about their learning, skills development and achievements in school and in the community Pupil surveys – whole school & targeted cohorts Evidence of interventions having an impact attainment data
2.2 Learners will identify activities that they participate in both within and outwith school. They will begin to be able to think about the skills they are developing in these activities. Those young people who are missing out on these experiences will be identified and encouraged to engage in some of the available activities	We will be able to monitor and track those young people who are missing out on experiences. Over time we will reduce this number of young people
2.3 Learners are fully aware of how to access their homework and the expectations of each department. Learners are better supported at home through the integration of Teams/SMHW and more homework is completed and on time, with all stakeholders aware of the expectations for learners	SMHW usage reports Analysis of pupil and parental surveys Feedback from staff, department meetings, Parent Council

2.4 Learners will be aware of our expectations for them at their point of exit, including their literacy and numeracy levels, and have a higher level of qualifications, particularly by the end of S6. A key aim is to develop resilience when faced with challenges in their learning	Initial option data interrogated and options changed where appropriate Tracking data throughout the session and SQA/Insight data
2.5 Identified learners will be targeted for specialist support with literacy. Learners will be able to see progress in their reading through participating in Accelerated Reading programme and their progress with STAR tests. We will see an increase in participation in learners reading for pleasure	Use of assessments – low stake literacy tests, STAR tests Blackwell single word spelling & reading assessments ACEL data
2.6 Learners will improve their literacy skills, in particular their reading skills, which will allow them to access learning more effectively across the curriculum	'Faster Reads' texts and journals Critical essay writing assessments
2.7 As a result of more robust BGE tracking and monitoring, learners will have a greater understanding of their progress and achievement of a level in each curricular area. There will be increased levels of support where underachievement is identified	BGE Tracking and Monitoring highlights better progress within and across levels ACEL data
2.8 Learners have a greater awareness of the purpose of the curriculum and why it is structured as it is. The curriculum is shown to meet the needs of learners	Feedback from pupils, staff, parents and partners through focus groups/surveys Insight attainment & achievement
2.9 Learners will be able to identify the skills they are developing across the curriculum from the Girvan Academy Skills Framework and be able to articulate how they are relevant to their life, work and learning	Pupil Focus groups - pupils can identify and articulate the skills that are developing and the relevance of them Learning Walks and classroom resources
2.10 Learners have increased opportunity to access a wider curriculum, building skills, experiences and qualifications that will support their development and improve their life changes beyond school	A greater number of qualifications, experiences and whole school awards are achieved
